The Self Care Aware Pilot

The Lancashire North CCG-wide self care aware programme aims to:

- reduce attendance for minor ailments in general practice
- reduce prescribing for minor ailments
- support clinical engagement in self care and through uptake of the RCGP e-learning programme
- use patient and public involvement through patient participation groups (PPG’s) and ongoing use of local and national self care campaigns
Our Self Care Aware Pilot

- First with CCG wide agreement
- Pilot beginning in December 2012
- Launch/education event this week in Lancaster
- Audit next month – attendance and prescribing
- Roll out fact sheets usage in January 2013
- Continue for 18 months
- Re-audit attendance figures and prescribing of OTC medicines
Thank you
