BOWEL SCREENING SAVES LIVES

Every month, thousands of people in the UK take part.

If you're aged 60-74, or 50-74 in Scotland, you'll automatically be sent a free NHS test kit in the post every 2 years.

The test looks for invisible early signs of bowel cancer, and it's designed for people who don't have symptoms.

When bowel cancer's detected at an earlier stage, there's a better chance of surviving it.

Ask your pharmacist if you have any questions, such as how to do the test.

WINNER:Congratulations.....Jee Nie Ong for exceptional patient centred care - above and beyond! #futurerolemodel @Bedminsterpharm #BCPROTY

"The phone call from Buttercups caught me off guard... the best news I have received apart from passing my pre-reg exam!

I felt that my effort has paid off and been recognised.

I am very grateful for everyone that has been a part of my pre-reg
